Furniture & Learning Materials

Furniture & Learning Materials CATALOGUE

You can count the seeds in an apple, but you can't count the apples from a seed. The same goes for the infinite potential of a child.

Children are our future. A well prepared learning environment will help children make a difference in the future.

WHAT WE BELIEVE

Children do not play to learn, but they learn because they play.

WHAT WE DO

We aim to offering inspiring learning environments that will empower children to be curious and creative. Our business supports this vision by offering a modern range of:

- ✓ Educational games
- ✓ Well-designed furniture
- ✓ Value for money arts & crafts materials
- ✓ Indoor & outdoor physical wellbeing equipment

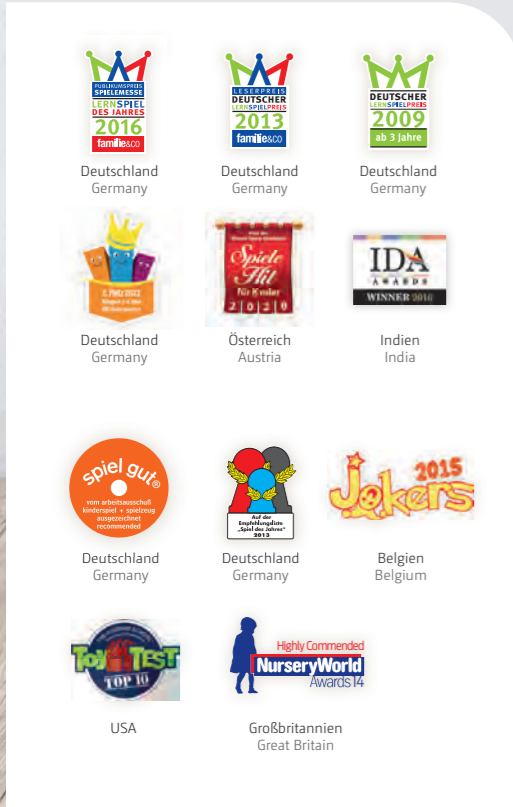

WHAT WE OFFER

World Class Safety

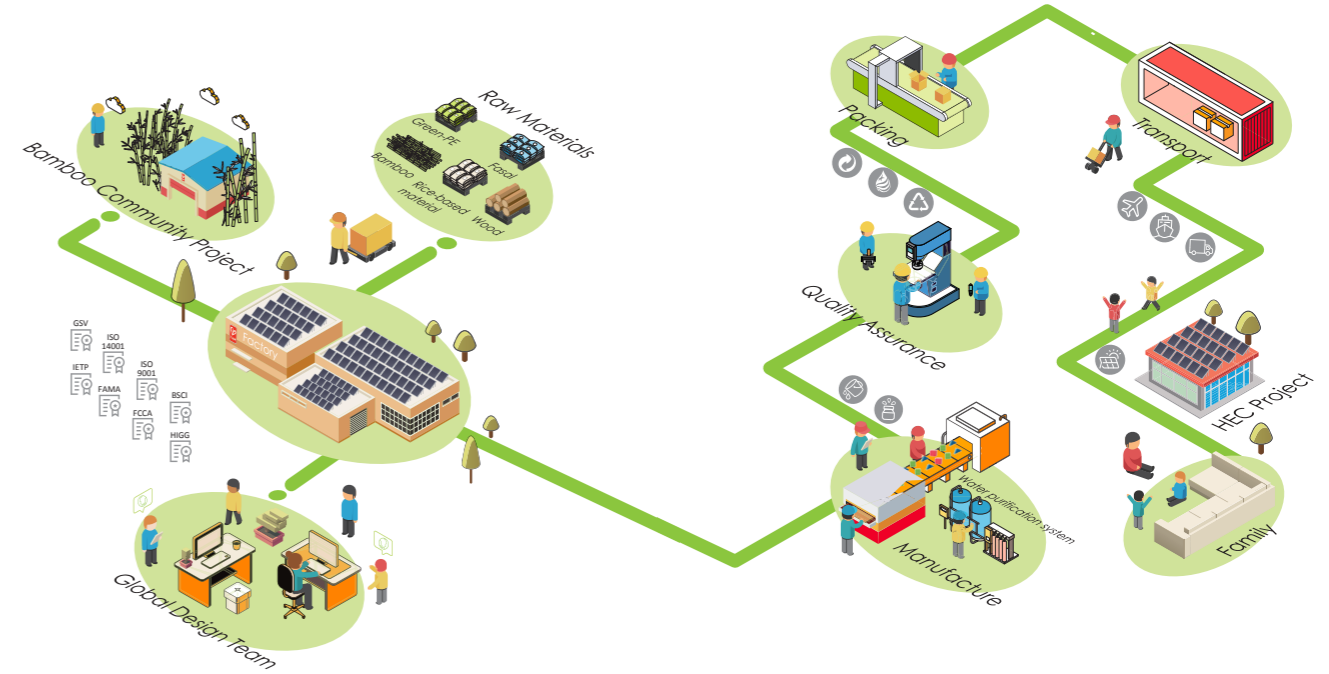

Children's safety is our first priority. All our products meet, and more often, exceed the strictest international standards for quality and safety including: AS/NZS ISO8124, GB 6675, ASTM F963, EN71, and CCPSA.

Our products are not only recognised by well-known evaluation associations in early year education with global awards, but are also rewarded by the child's smile.

Sustainably Produced Products

From product design and material selection to the manufacturing and packaging process, we strictly follow the "minimum ecological cost" principle.

We have acquired all mainstream certifications for manufacturing industry. The certifications cover:

- ISO9001, ISO14001, ISO45001
- ITEX (ICTI Ethical Toy Program)
- GSV (Global Security Verification)
- FSC™ (Forest Stewardship Council™)
- Higg Facility Environmental Module

Working Together

We welcomed the integration of our sub-brand, beleduc, into the Hape Group this year. Together with our clients and partners, we strive to reach more children and families around the world with play-based learning.

Affordable Products

We have our own factory, stable supply chains of raw materials, and strong logistics warehouses to ensure consistent manufacture and supply management. Thus, we offer our partners worldwide the most affordable products and services.

"Children do not play to learn, but they learn because they play." This is the guiding principle of beleduc since 1963. It is at our heart to promote the enjoyment of playing together and to teach numerous skills that children between birth and seven years of age should acquire.

Friedrich Fröbel was one of the most important elementary pedagogues of the 19th and 20th century. He is known all over the world as the founder of the first kindergarten in Germany. beleduc presents the 6 play gifts according to Friedrich Fröbel. All play gifts and information about Fröbel and his pedagogy are described in detail in the informative Teacher Guide that comes with the set.

The new line of Beleduc furniture for nurseries and kindergartens has a linear, essential, minimalist design. All the furniture is designed to be modular fitting neatly with one another. The beleduc furniture introduces a European look for teaching centres that favour Reggio and Montessori approaches or are just seeking a unique high-quality learning environment.

The unique, round-edged and flexible Poly-M construction system has been a hit among children and educators all over the world since 1980. We are highly supportive of the STEAM approach, helping children to develop their non-linear thinking, capturing their interests and encouraging them to discover.

As an expert in children's vehicles for over 25 years, TopTrike's mission is to support the children's urge to move. Movement is fun and important for healthy and active children. With the innovative vehicles of the TopTrike line, we promote motor skills in a playful way and integrate sports and play into everyday life. The vehicles are scientifically tested, safe and environmental friendly produced.

Since playing outside is more important than ever, beleduc has added to the TopLine series with the sub-brand "TopPlay by beleduc". The range offers outdoor role-play items that inspire children to go out into nature and explore. The focus is creative outdoor role play.

Arts & Crafts activities have many important functions for children's development, these include coordination and fine motor skills, self-expression, being more creative and productive, thinking critically and cooperating with others. The Tacco range has been created to empower children's creativity and complements our existing assortment.

VIVAIO offers a wide range of products including music, furniture and many other resources to set up various learning environments. It is self-evident that the products meet the same strict quality and safety requirements as all other brands.

Furniture

*Play is the highest expression of human development in childhood
for it alone is the free expression of what is in a child's soul.*

- Friedrich Fröbel

Modern Design from Italy

The new line of Beleduc furniture for nurseries and kindergartens has a linear, essential, minimalist design. All the furniture is designed to be modular fitting neatly with one another. This range brings the modern aesthetic into spaces dedicated to children.

The shapes are inspired by Italian humanistic culture, Scandinavian design and Asian minimalism. Well-cared and well-structured products in every detail stimulate children to discover and explore the world around them.

Italian humanistic culture

Scandinavian design

Asian minimalism

What's more, based in Italy, beleduc furniture is designed to build learning environment that works closely with Reggio Emilia.

Who is Reggio Emilia?

Though it sounds like a person's name, Reggio Emilia comes from a small city in northern Italy. This city has been famous for focusing on early childhood education successfully.

The Reggio Emilia approach is child-centered and directed, which is also the design principle of beleduc furniture. It is believed that a child's driving sense of curiosity, along with their inherent potential will foster an interest in learning, and succeed long term.

Here are some tips to incorporate the Reggio Emilia philosophy in a classroom:

- Build an attractive and beautiful environment.
- Create a nurturing, home-like and peaceful atmosphere.
- Divide a room into particular learning spaces.
- Offer rich materials that are easily accessible, uncluttered, and inviting.
- Use neutral colours to ensure a strong nature theme throughout.

The new beleduc furniture is made to await the colours of the children and create an infinite variety of learning environments.

Best Learning Environment Solutions

The new range features a series of different furnishing pieces that are beautiful, practical and durable, including shelving-cabinets, tables, chairs and cots. The beleduc furniture introduces a modern look and supports unique high-quality learning environment.

High Standard Manufacturing

Made of sturdy plywood with an easy to clean melamine oak finish, all products have been tested in accredited laboratories for safety and resistance.

We are ready for your requirements. We sincerely listen to your needs and we offer customized one-stop classroom solutions including resource selection and set-up design.

Illiana

Stable natural plywood structure.
ABS seat and back with rounded corners.
Fully assembled (L310 W345 H510).
Available in three seat heights.

846159 (Small H260/510)
846161 (Medium H300/510)
846162 (Large H340/510)

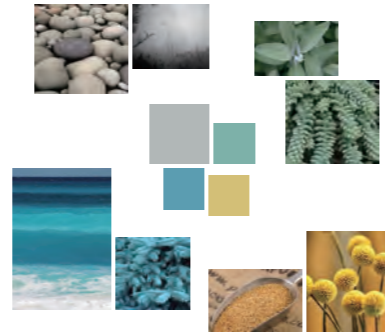

The original beleduc cabinets create enclosures by deploying low shelves. They shape interconnected spaces, encouraging groups and individuals working.

New designs with doors keep room private and tidy. Doors are available across the 5 neutral colours: blue, green, yellow, grey and white, inspired from natural landscapes.

Open back design allows visibility for child safety. Made of natural plywood, with white & natural HPL fireproof veneer.

Childproof Door
Open the door through the slit at the top.

Slow opening and closing hinge.

VIVAIO

Water Channel

842969 (L2500 W450 H600)

This water channel includes 3 boxes with waterproof sinks inside for water play. There is a functional pump together with a 250cm long pipe. By simply pressing the pump up and down, the water comes from the very bottom box all the way up to the top box through the pipe and then comes out from the pump. Children can see the complete water cycle. Made of solid Finnish wood for the frame and plastic for the containers, durable and specially treated for outdoor use. Regular maintenance guide for longevity and best working conditions is offered with the product.

3+

TOPPLAY

Mobile Kitchen

62030 (L1060 W600 H1080)

The outdoor kitchen will provide hours of fun role-play activities for the children and turn them into gourmet chefs. They can cook on the four stove plates and bake in the oven. The solid kitchen is made from high-quality and weather-resistant wood. It stands secure due to the robust construction. The kitchen's natural and modern design fits in every kindergarten. The large workspaces are perfect for group play and the kitchen is accessible from all sides. All surfaces of the kitchen can be wiped down and are easy to clean. It can be easily wheeled to different places indoors or outdoors.

3+

TOPPLAY

XL Kitchenware Set of 12

834188

Children's cooking set.

The perfect addition for all TopPlay products. 3+

Creative outdoor role play – fun is guaranteed here!

“Playing outside” is more important than ever. With the new TopPlay products, children are fond of discovering nature and being active in the fresh air. Playing and learning is even more fun outdoors because new ideas often come up, quite freely and creatively.

TOPPLAY

**Mobile Gas & Service Station
62060 (L806 W640 H840)**

The TopPlay "Mobile Gas & Service Station" is the perfect addition to all TopTrike vehicles. Children can playfully refuel their vehicles and develop role-playing games. Great details such as 2 fuel guns, dials for prizes or for setting the number of rounds in the car race are included. Also plenty of space for buckets, sponges and oil cans ... everything you need for a gas and service station. The writable chalkboards make this innovative product a highlight. Can be played with from both sides.

3+

Dials for prizes or number of rounds in a car race

Simulated fuel gun

Chalkboard for recording and wheels for moving

Plenty of space for buckets, sponges or oil cans

Camping Car
62050 (L2700 W900 H1100)

Innovative implementation of the camping trend. The new TopPlay "Camping Car" offers children another opportunity for role play in nature. Several children can play with it together at the same time. The "Camping Car" can be set up as desired, for example with the beleduc Multi Benches. Here children get the opportunity to develop role-playing games independently and to play together with other children in the outdoor area.

3+

Includes

- 1 x Driver's Cab
- 2 x Shade Clothes
- 1 x Camp Kitchen
- 2 x Banner Chains
- 1 x Wooden Bench

Steering wheel (with a horn)

Orange waterproof cloth stuck with Velcro

2 banner chains with connector

XL Kitchenware Set of 12
834188

Children's cooking set. The perfect addition for all TopPlay products. 3+

Wooden bench for 2 children to sit

Kiosk 4 in 1
62040 (L806 W640 H840)

Out into nature! With the new TopPlay Kiosk, role play can now be moved outside. Several children can play there at the same time because the kiosk offers enough space. There are many play options here, such as a food stand/market, kiosk, ice cream stand or snack bar/restaurant. Playing encourages imitative and imaginary play, fantasy storytelling, role play and creativity and it's a lot of fun. A highlight for any kindergarten.

3+

Includes

- 1 x Banner Chain
- 3 x Writable Chalkboards
- 1 x Kiosk Roof
- 2 x Cooking Plates
- 1 x Rolling Shutter
- 1 x Fruit & Vegetable Box

Outdoor Role Play

Playable from 4 Sides

Made of Pine Wood
Pressure Impregnated

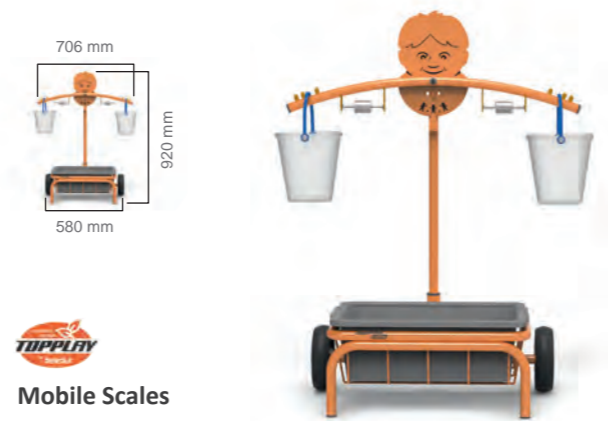

XL Kitchenware Set of 12
834188

**Multi Benches Set of 4
68230 (L365 W1100 H330)**

Simply unfold the bench and take a seat! The robust, powdercoated steel frame is durable and weather-resistant. Includes 4 x benches and 2 x storage bags.

**Mobile Scales
64370 (L706 W533 H920)**

The new scale is a classic measuring instrument and perfect educational aid to combine playing with and learning about weight for children aged 4 years and older. Includes 1 x scale, 2 x buckets and 1 x practical basin.

**Buggy
64350 (L630 W600 H475)**

The Buggy is the best transportation for all loved dolls and cuddly toys. Due to its durability (up to 50 kg) children can also drive each other around on the playground. Our Buggy is very agile due to the rotatable back wheels and small turns are no problem.

**Greenhouse
62010 (L1090 W600 H1150)**

The greenhouse enables children to discover the botanical world by becoming gardeners themselves. It can be easily wheeled to different places indoors or outdoors due to its practical wheels depending on the weather and season. The transparent top, which can be opened and closed easily with a zipper, makes the greenhouse easily accessible and adaptable to all weather conditions. Trays and pots not included.

Water Table
842971 (L800 W575 H1000)

The water table offers many possibilities for outdoor role-play and a first contact with science. Children love to play and experiment with water, sand and pebbles and observe how they behave in different situations. The water table can be easily moved to different places due to its practical wheels.

Includes

- 1 x Water Table
- 2 x Funnels
- 3 x Water Animals
- 2 x Tubes
- 2 x Blue Seesaws

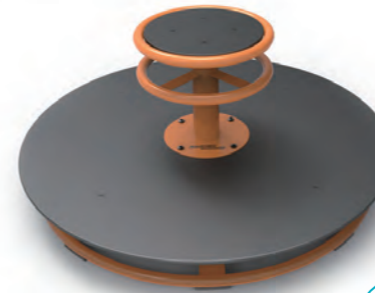

Water animals can be placed on the grid with a clip to add more fun

Waterbasins with plugs hold water for children to play

Powder-coated steel pipe to form round and smooth corners

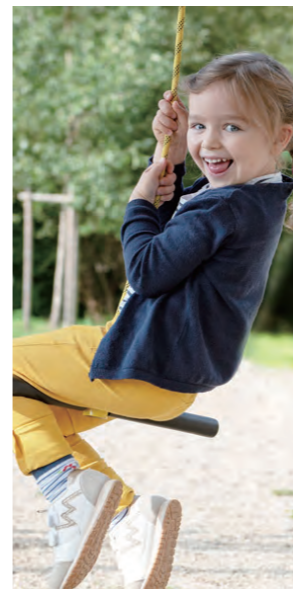

Carousel
64360 (L850 W850 H360)

The carousel offers the possibility to actively make it go round or hold on safely to the handhold. Children can sit opposite each other and play together. The carousel can be easily moved around easily transported to different play areas. Our carousel trains children's sense of balance and body coordination.

Turning Table
67000 (L550 W550 H270)

With our "Turning Table", the fun increases round by round. It is particularly suitable for training and experiencing balance and body perception. Whether sitting or lying, the "Turning Table" is a challenge for every child.

Turn & Swing
67120 (L2500)

Two integrated ball bearings in the suspension enable rotation around the own axis. The included sling can be fastened to a suitable fixture, scaffold or tree and the toy can be fixed with a karabiner. Practical variable height settings enable the usage seated or hanging freely. The robust rope is additionally protected against abrasion and wear and the connection to the bearing was sealed as protection against dirt and water.

Driving fun with great TopTrikes!

THE EXPERT FOR CHILDREN'S VEHICLES FOR OVER 25 YEARS

Movement is fun and important for healthy and active children. With the innovative vehicles of the TopTrike line, we promote motor skills in a playful way and integrate sports and play into everyday life.

TOPTRIKE GUARANTEES & QUALITY FEATURES

- Developed with a team of leading pedagogues, engineers and product designers
- Scientifically proven
- Easy assembling
- Limited steering angle and stop damper avoid trapping of fingers
- Solid, powder-coated frame resistant to rust and impacts
- Long, solid and weather-proof plastic seat suitable for different age groups
- 5 years warranty on steel frame
- 1 year warranty on all moving parts

Quaddy
64100 (L530 W320 H350)

With "Quaddy", the children learn to push themselves off with their legs and steer the wheel.

18M+

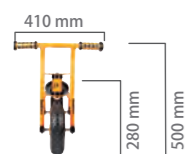

Wheelie
64115 (H730)

A must-have for every kindergarten or schoolyard! This play wheel is fun for children aged 2 to 10 years.

2+

Little Walker
64030 (L750 W405 H500)

With this vehicle, children can experience their centre of gravity and learn to coordinate their balance.

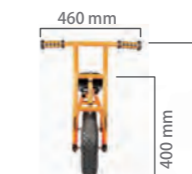

Scooter Small
64020 (L1070 W470 H720)

The small scooter is just as good as its "big brother". It is equipped with an anti-slip running board, EVA tyres and a brake.

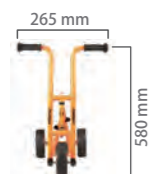

Small Trike
64050 (L750 W440 H520)

It's time for the youngest children to pedal up and away! The "Small Trike" provides a great introduction to pedaling.

Walker
64040 (L910 W455 H620)

With our "Walker", children learn to keep and vary their balance. In addition, it offers a great preparation for riding a bicycle later.

Mini Rolly
64190 (L690 W390 H590)

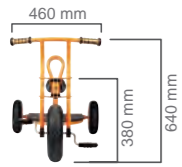

With "Mini Rolly" even the youngest kids get into gear! Two wheels at the end of the roller prevent it from tipping over. Therefore, "Mini Rolly" offers a stable footing for the smallest children, who might not yet be able to hold their balance.

Express Trike
64080 (L1180 W650 H640)

Our "Express Trike" makes the children feel like Romans during a chariot race. It provides much "driving pleasure" for two children. An anti-slip board and a railing give the passenger a secure footing. This vehicle offers various role playing possibilities.

Taxi
64070 (L1120 W560 H640)

With our "Taxi", best friends can be given a comfortable ride. Two seats are mounted in a row and an anti-slip board gives a secure footing for a third passenger.

Pillion Taxi
64140 (L1130 W680 H640)

The tricycle "Pillion Taxi" offers room for up to three children. One child can drive the sturdy vehicle and up to two kids can enjoy the ride while sitting on the back seat.

Digger
64160 (L600 W600 H900)

With the "Digger" kids rock the sandbox! The seat offers a 360° turning function, so that children can dig from all sides with the robust steel shovel. The feet provide a secure footing, as they can dig deeply into the ground.

Step and Roll Small
64330 (L870 W530 H740) 4+

With the Step 'n' Roll beleduc wants to motivate children to move freely. Here children can safely drive forwards as well as backwards. This trike especially trains balance as well as body coordination and safety if our main priority. Due to its high handlebar and a capacity of carrying up to 50 kg, the Step 'n' Roll Big is perfect for bigger children.

Step and Roll Big
64340 (L870 W530 H820) 6+

Wheelbarrow Large
64090 (L885 W405 H430)

The big and solid wheelbarrow cannot be missed in any sandbox. Its high capacity makes it possible to load, transport and unload large amounts of sand.

Rookie
64060 (L930 W550 H640)

Our "Rookie" is the perfect companion for kindergarten and pre-school children. With its long and comfortable seat, larger distances can be managed easily. During a break, observing and discovering while sitting is no problem, thanks to the three wheels.

VIVAIO
Traffic Sign Set of 6
86390 (L270 W270 H700)
 Solid and weather resistant metal signs. English version.
 3+

beleduc
Dumper
66010 (L650 W415 H400)
 The big "Dumper" brings a construction site atmosphere for various playing activities in the sand. Thanks to its hardened steel spindles and firm plastic material, loadings with weights up to 50 kilogrammes can be transported. The 90° dumping function makes unloading sand loads a mere child's play.
 18M+

beleduc
Tractor & Trailer
66020 (L550 W160 H155)
 The "Tractor with Trailer" is a great companion for the sandbox. The trailer is removable and has a tilt function, which facilitates loading and unloading the sand. Both Tractor and Trailer are made of durable UV resistant plastic. The steel axles ensure extra stability and the quiet EVA tyres leave real tracks in the sand and in the snow.
 18M+

beleduc
Truck
66030 (L320 W210 H205)
 The "Truck" enables children to transport sand or snow in an easy way. Its load bed has a tilt function, which facilitates loading and unloading. The truck is made of durable UV resistant plastic. The steel axles ensure extra stability and the quiet EVA tyres leave real tracks in the sand and in the snow.
 18M+

beleduc
Loader
66080 (L420 W190 H180)
 Digging and roadwork fun with our "Loader". With its movable shovel, sand digging becomes a child's play. The loader is made of durable UV resistant plastic. The steel axles ensure extra stability and the quiet EVA tyres leave real tracks in the sand and in the snow.

Puppet Theatre
24231 (L750 W410 H1200)

Huge role-play fun is guaranteed with the new beleduc puppet theatre! With our puppet theatre made of wood and textiles, children can perform their own plays and take on many different roles. The theatre includes a red curtain as well as a chalkboard on the front where the children can invite their audience to their performance, let them know when it takes place and what play they will star in. Furthermore, on the backside there is practical storage net for the hand puppets. It will be delivered in single parts, but assembly is super easy and you will quickly build a very sturdy theatre.
